Adriana D - Adriana is extremely passionate about music and musical theater. She would like to thank her family, friends, and teachers for supporting her.

Quentin I - Quentin is 7 years old, in 2nd grade, and has been playing piano for 14 months. He also plays violin, practices muay thai, goes mountain biking and snowboarding, plays minecraft, and loves to read. He would like to thank Mr. Clark for sparking his musical interest with violin, Ms. Weather, Ms. Alanna, and his Aunt Terry for funding his piano lessons.

Chloë Mae K - Chloë is a fun and energetic girl that has lots of passion for all sorts of cool and exciting things. She likes sports, food, watching Disney cartoons, and improvising on the piano. She is very creative and ambitious, she says she can't wait to learn new songs and advance to the next level.

Ray L - Ray is a self-taught composer, music producer, and avid vocal improviser. Ray moved to Vegas in April to pursue a career in electronic music performance using an instrument of his own invention.

Mac L - I have always been singing, but my first real performance was at Cafe Moda two years ago. After feeling the audience's sincere praise, I was hooked! I want to leave a legacy; I want to unite people of all countries and persuasions through the universal language of music. My passions include reading, researching, experimenting, fitness, travel, and meeting new people.

Jezelle M - Thank you to Mr. Franco for giving me so many opportunities to sing! Because of this, I am missing this recital because I am performing in a show. He is teaching me to find the better me and to find my better voice. I'm forever grateful. Everyone he teaches is amazing and will go far in life.

Adrian M - I go to Las Vegas Academy of the Arts (LVA) as a choir major. Some of my influences are Billy Joel, Styx, Queen, and Claude Debussy. I was self taught until age 11, learning basic chords and scales. Since then, I've become better and more knowledgeable but still have much to learn. I look forward to becoming the best musician I can be.

Dominic M - Dominic has been learning piano from Travis for over two years, enjoys all styles of music from Classic Rock to Classical. He's a sophomore at LVA majoring in choir. He says, "Music is basically my whole life and I don't know what my life would be if it wasn't". He's really talented and very expressive as a musician, he hopes someday to be at least HALF as good as some of the big names out there.

Marley T - Marley is 11 years old, in 6th grade at Doral Fire Mesa, and has been taking piano lessons for 2 & 1/2 years. Her favorite hobby is reading. She would like to thank Ms. Alanna for the lessons, and her parents, brother, & grandparents for their constant support.

Agraj V - My name is Agraj. I am 10 years old. I was born in India. I started playing piano in January 2017. I hope that I will become a professional piano player someday. My other hobbies are playing tennis, swimming, singing Indian classical music, and playing with my five year old brother.

McKenna W - McKenna is a junior at Las Vegas Academy where her major is dance. She performed in Hunchback of Notre Dame, where they went to International Thespian Festival in Nebraska with thousands of other thespians. She hopes to further her singing abilities even more throughout her time with Erickson!

Olivia Z - Oliva has recently started taking lessons from Mr. Travis, but has been playing piano for a couple of years already. She plays beautifully as her imagination and personality is reflected in her creative artistry.
